  Comments/Suggestions about instructor

      15 Amazing instructor. We need more teachers like him in FAST. Teaching techniques and class interactions are great.

      16 Keep teaching like this :)

      17 One of the best teachers I've ever met. Very humble and understanding instructor of all time in my 4 years of university. Instead of hiring a great P.hd teacher with zero teaching skills, Fast University should consider these young, humble, and kind teachers that are more dedicated with their teaching skills and explain everything with great real-life examples.

         It won't be wrong if we say that sir Alishan is the most valuable asset for fast , nowadays.

      18 Not any, just perfect

      19 Sir ali is amazing , just never let him go , amazing course instructor who maintains a perfect class environment.

      20 Best teacher

      21 Really just want to thank you for being a truly outstanding teacher. Your passion for teaching and your dedication to your students is obvious in everything you do. I feel so lucky to have been put into your class.
I feel so fortunate to have had an instructor like you whose focus is more toward delivering value rather than just completing their office hours. Much thanks to you for assisting me with communicating my inventive side and become more friendly.

      22 Thankyou For teaching us in such a beautiful way .i appreciate the effort you have made in order to teach us in such a great way. I loved everything about the course and the way you taught us. You made this easy to understand , You truly care about your students. May God Bless You.

23 Sir Alishan is an excellent teacher! He provides both a great mix of listening, speaking, and practical learning activities and a very supportive interactive learning environment. As a student, you feel pushed to learn and try out new competencies, feel safe and supported in doing so, and gain valuable feedback that helps you to improve.
He is much better than most of the so-called "Ph.D." teachers in FAST. The management should invest in teachers like him who not only hold a degree but knows how to teach well too!

24 these types of teachers student need in fast university.

28 The teacher was amazing for this course. Best lecturer.

29 One of the best learning environment I came across in my 3 years at FAST. The teacher is well-equipped, knowledgeable and knows how to demonstrate the concepts to the students very clearly and efficiently. His lectures and teaching methods were so effective that I never even had to open the slides as everything was already discussed in the class with excellent examples.

30 Best teacher ever.

Quality of Delivery

Comments, if any

34 The only class in which I have 100% concepts and application in real life.

35 I must say the quality of delivery of this course was extraordinary (all thanks to the teacher). This course stimulated my interest so much that I have decided to do Masters in Agile or Project Management . All concepts and ideas well presented in such a manner that everything was crystal clear and no one had to even memorize anything from the slides.
